

# GIRLS TRIALS

The Blackburn Rovers Regional Talent Club is considered to be one of the best performing and producing centres in the country. We are consistently providing the players the opportunity to be Nationally recognised to compete on the World stage with England.

With highly qualified and experienced coaches all players are challenged technically, tactically, physically, psychologically and socially throughout the season. In addition educational and sports science support from the centre is designed to help every player reach their footballing potential.

In collaboration with Lancashire FA we are the only Centre of Excellence serving the North West and the only Club with a track record of producing players for England squads.

If you feel you have the ability and enthusiasm to join the centre we would like to offer you a trial on the following dates:
