07.05.2019

Dear Parents/Carers,

Many of you will have seen the notice for proposed new road marking around the school area. This is a Lancashire County Council decision and any issues or questions regarding it need to be taken to them following the instructions listed.

School recognises that this will create more challenges for dropping off times and at the end of the day. The proposal from Lancashire is based around the dangers created from cars being parked on bends or junctions. The introduction of the 'No Waiting at Any Time' (double yellow lines) on Horrobin Lane/ Rivington Lane are being proposed to maintain sightlines and prevent vehicle obstruction.

Lancashire County Council has issued the following information:

*As any vehicles parking close to junctions or on the bend cause an obstruction - with sightlines being obscured and cause a danger for anyone exiting the school premises, (although currently there are no restrictions) the highway code section 243 states **DO NOT** stop or park:*

- *Near a school entrance;*
- *Opposite or within 10 metres (32 feet) of a junction;*
- *On a bend*

The TRO was posted on site and in the local press for any comments/ observations to be made up until 24th May 2019. Please find the email address below where you can appeal/ send your concerns to:

tro-consultation@lancashire.gov.uk

I have attached a map to indicate where the new markings will be placed.

I hope that this information is useful. School continues to be fully committed to working alongside all interested parties and organisations to ensure the safety of all our children, their families and staff as this is paramount to Governing Body of Rivington Foundation Primary School.

Best wishes,

Sarah Annette
